**PRODUCT****Desmodur L75**

|                          |               |
|--------------------------|---------------|
| <b>Product number</b>    | 90030032      |
| <b>CAS number</b>        | 53317-61-6    |
| <b>Molecular formula</b> | -             |
| <b>Molecular weight</b>  | Polymer g/mol |

| PARAMETER                    | SPECIFICATION           |
|------------------------------|-------------------------|
| <b>Supplier Batch Number</b> | -                       |
| <b>Appearance</b>            | Clear colourless liquid |
| <b>Viscosity</b>             | 1200 - 2000 mPa.s       |
| <b>Colour (Iodine)</b>       | ≤ 2.0                   |
| <b>Monomer content</b>       | ≤ 0.50%                 |
| <b>NCO</b>                   | 12.9 - 13.7%            |
| <b>Non-Volatile Matter</b>   | 73.0 - 77.0%            |

|                                |                                                                                                                                                                                                                   |
|--------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>SPECIFICATION STATEMENT</b> | The values stated above represent the standard specification for this product, issued under <b>Molekula Ltd</b> 's quality management system. Batch-specific results are provided on the Certificate of Analysis. |
| <b>STORAGE</b>                 | Store as indicated on the product label, away from light, moisture and incompatible materials.                                                                                                                    |

**Molekula Ltd** would like to thank you for your support of our products and service.
