

Specification

Technical Data Sheet

Product Name	Ammonium carbonate
---------------------	--------------------

Product No	90030064
-------------------	----------

CAS Number	506-87-6
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	96.09
-------------------------	-------

Specification

Appearance	White to off-white solid
-------------------	--------------------------

Appearance of Solution	Clear colourless liquid
-------------------------------	-------------------------

Identification (RAMAN)	Conforms to Reference
-------------------------------	-----------------------

Iron (Fe)	$\leq 0.01\%$
------------------	---------------

Purity	≥ 99.0
---------------	-------------
