

Specification

Technical Data Sheet

Product Name	N,N-Dimethylformamide diethyl acetal
---------------------	--------------------------------------

Product No	90030659
-------------------	----------

CAS Number	1188-33-6
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	147.22
-------------------------	--------

Specification

Appearance	Clear colourless to yellow liquid
-------------------	-----------------------------------

Refractive Index	1.3960 - 1.4020 (at 20°C)
-------------------------	---------------------------

Assay	≥ 92.0%
--------------	---------

Identification (RAMAN)	Conforms to Reference
-------------------------------	-----------------------
