

Specification

Technical Data Sheet

Product Name	Ammonium iron(III) sulfate anhydrous
---------------------	--------------------------------------

Product No	90031494
-------------------	----------

CAS Number	10138-04-2
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	266.01
-------------------------	--------

Specification

Appearance	Purple crystals
-------------------	-----------------

Water	$\leq 1.0\%$
--------------	--------------

Assay	$\geq 97.5\%$
--------------	---------------
