

Specification

Technical Data Sheet

Product Name	2,6-Dimethylaniline
---------------------	---------------------

Product No	90033044
-------------------	----------

CAS Number	87-62-7
-------------------	---------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	121.18
-------------------------	--------

Specification

Appearance	Colourless to yellow liquid
-------------------	-----------------------------

Water	≤ 0.5%
--------------	--------

Assay	≥ 99.0%
--------------	---------

Identification (IR)	Conforms to Reference
----------------------------	-----------------------

Refractive Index 20°C	1.5590 - 1.5620
------------------------------	-----------------
