

Specification

Technical Data Sheet

| | |
|---------------------|--|
| Product Name | Tetrabutylammonium hydroxide 25% solution in water |
|---------------------|--|

| | |
|-------------------|----------|
| Product No | 90033243 |
|-------------------|----------|

| | |
|-------------------|-----------|
| CAS Number | 2052-49-5 |
|-------------------|-----------|

| | |
|----------------------------|---------|
| Storage Temperature | Ambient |
|----------------------------|---------|

| | |
|-------------------------|--------|
| Molecular Weight | 259.47 |
|-------------------------|--------|

Specification

| | |
|-------------------|----------------------------------|
| Appearance | Colourless to pale yellow liquid |
|-------------------|----------------------------------|

| | |
|-------------------|-------------------------|
| Conclusion | Lot meets specification |
|-------------------|-------------------------|

| | |
|--------------|-------------|
| Assay | $\geq 25\%$ |
|--------------|-------------|

| | |
|------------------------|----------------------|
| Bromine Content | $\leq 100\text{ppm}$ |
|------------------------|----------------------|

| | |
|-------------|---------------------|
| Na+K | $\leq 10\text{ppm}$ |
|-------------|---------------------|
