

Specification

Technical Data Sheet

Product Name	2,3-Dimethylaniline
---------------------	---------------------

Product No	90033281
-------------------	----------

CAS Number	87-59-2
-------------------	---------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	121.18
-------------------------	--------

Specification

Appearance	Amber to dark red, clear liquid
-------------------	---------------------------------

Identification	Conforms to reference
-----------------------	-----------------------
