**PRODUCT****Bis(4-hydroxyphenyl) disulfide**

|                          |                                                               |
|--------------------------|---------------------------------------------------------------|
| <b>Product number</b>    | 90033808                                                      |
| <b>CAS number</b>        | 15015-57-3                                                    |
| <b>Molecular formula</b> | C <sub>12</sub> H <sub>10</sub> O <sub>2</sub> S <sub>2</sub> |
| <b>Molecular weight</b>  | 250.33 g/mol                                                  |

| PARAMETER               | SPECIFICATION            |
|-------------------------|--------------------------|
| <b>Appearance</b>       | Light yellow green solid |
| <b>Assay</b>            | ≥98%                     |
| <b>4-hydroxy phenol</b> | ≤0.5%                    |
| <b>Moisture</b>         | ≤0.5%                    |

|                                |                                                                                                                                                                                                                   |
|--------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>SPECIFICATION STATEMENT</b> | The values stated above represent the standard specification for this product, issued under <b>Molekula Ltd</b> 's quality management system. Batch-specific results are provided on the Certificate of Analysis. |
| <b>STORAGE</b>                 | Store as indicated on the product label, away from light, moisture and incompatible materials.                                                                                                                    |

**Molekula Ltd** would like to thank you for your support of our products and service.
