

Specification

Technical Data Sheet

Product Name	2-Hydroxyisocaproic acid
---------------------	--------------------------

Product No	90034032
-------------------	----------

CAS Number	498-36-2
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	132.16
-------------------------	--------

Specification

Appearance	White to off-white crystalline powder
-------------------	---------------------------------------

Purity (Titration by NaOH)	≥ 98.0%
-----------------------------------	---------

Identification (IR)	Conforms to Reference
----------------------------	-----------------------
