**PRODUCT****Chromium 2-ethylhexanoate 50% in PPG-400**

|                          |                                                     |
|--------------------------|-----------------------------------------------------|
| <b>Product number</b>    | 90034214                                            |
| <b>CAS number</b>        | 3444-17-5                                           |
| <b>Molecular formula</b> | Cr(C <sub>7</sub> H <sub>15</sub> COO) <sub>3</sub> |
| <b>Molecular weight</b>  | 481.60 g/mol                                        |

| PARAMETER         | SPECIFICATION             |
|-------------------|---------------------------|
| <b>Appearance</b> | Viscous dark green liquid |
| <b>Assay</b>      | 45-55% (mass balance)     |
| <b>Density</b>    | 1.03-1.07 g/ml            |

|                                |                                                                                                                                                                                                                   |
|--------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>SPECIFICATION STATEMENT</b> | The values stated above represent the standard specification for this product, issued under <b>Molekula Ltd</b> 's quality management system. Batch-specific results are provided on the Certificate of Analysis. |
| <b>STORAGE</b>                 | Store as indicated on the product label, away from light, moisture and incompatible materials.                                                                                                                    |

Molekula Ltd would like to thank you for your support of our products and service.
