**PRODUCT****N-[2-(4-Oxo-3,1-benzoxazin-2-yl)phenyl]naphthalene-2-sulfonamide**

|                          |                                                                 |
|--------------------------|-----------------------------------------------------------------|
| <b>Product number</b>    | 90036124                                                        |
| <b>CAS number</b>        | 10128-55-9                                                      |
| <b>Molecular formula</b> | C <sub>24</sub> H <sub>16</sub> N <sub>2</sub> O <sub>4</sub> S |
| <b>Molecular weight</b>  | 428.46 g/mol                                                    |

| PARAMETER                 | SPECIFICATION             |
|---------------------------|---------------------------|
| <b>Appearance</b>         | White to off-white powder |
| <b>Purity</b>             | ≥98.0%                    |
| <b>Storage Conditions</b> | dry sealed place          |

|                                |                                                                                                                                                                                                                   |
|--------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>SPECIFICATION STATEMENT</b> | The values stated above represent the standard specification for this product, issued under <b>Molekula Ltd</b> 's quality management system. Batch-specific results are provided on the Certificate of Analysis. |
| <b>STORAGE</b>                 | Store as indicated on the product label, away from light, moisture and incompatible materials.                                                                                                                    |

**Molekula Ltd** would like to thank you for your support of our products and service.
