

Specification

Technical Data Sheet

Product Name	Dodecenylsuccinic anhydride
---------------------	-----------------------------

Product No	90036925
-------------------	----------

CAS Number	25377-73-5
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	266.38
-------------------------	--------

Specification

Appearance	Colourless to yellow liquid
-------------------	-----------------------------

Morpholine titration with HCL	89.5 - 110.5%
--------------------------------------	---------------

Infrared Spectrum	Conforms to structure
--------------------------	-----------------------
