**PRODUCT****Tris(2-methoxyethoxy)(vinyl)silane**

|                          |                                                   |
|--------------------------|---------------------------------------------------|
| <b>Product number</b>    | 90038232                                          |
| <b>CAS number</b>        | 1067-53-4                                         |
| <b>Molecular formula</b> | C <sub>11</sub> H <sub>24</sub> O <sub>6</sub> Si |
| <b>Molecular weight</b>  | 280.39 g/mol                                      |

| PARAMETER             | SPECIFICATION                    |
|-----------------------|----------------------------------|
| <b>Appearance</b>     | Colourless to dark yellow liquid |
| <b>Identification</b> | Conforms to reference            |
| <b>Purity (GC)</b>    | ≥97.0%                           |

|                                |                                                                                                                                                                                                                   |
|--------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>SPECIFICATION STATEMENT</b> | The values stated above represent the standard specification for this product, issued under <b>Molekula Ltd</b> 's quality management system. Batch-specific results are provided on the Certificate of Analysis. |
| <b>STORAGE</b>                 | Store as indicated on the product label, away from light, moisture and incompatible materials.                                                                                                                    |

Molekula Ltd would like to thank you for your support of our products and service.
